

Raising Aspirations with Year 12 Pupils in Ealing and Harrow

The St John's Inspire Programme is a series of events, visits, workshops and online contact for pupils from non-selective state schools in Ealing and Harrow. The programme is designed to encourage pupils to engage critically with a range of academic subjects, to develop their transferable skills and to increase confidence in their academic abilities and choices.

A series of after-school sessions in Ealing and Harrow are followed by a summer school in Oxford.

'St John's is committed to reaching out to the best students regardless of background. Following the success of last year's programme, we look forward to working with even more pupils from Ealing and Harrow.'
