# INSPIRE CRITICAL THINKING

2022/23

## Explore – Challenge – Inspire

An Online Critical Thinking Programme for Years 9, 10 & 11

With content from world-leading academics, university students, and industry professionals from across the Arts & Humanities and Sciences, enrolling will give you access to whole range of online articles, videos, podcasts, and so much more – all sent direct to your inbox!

Each year our programme takes a central theme and divides it into bite-sized “classes”. Unlike conventional classes there’s no homework. But why not challenge yourself by submitting a response for a chance to win prizes!

All students on Inspire Critical Thinking will have the opportunity to take part in our annual Virtual Summer School, and Years 11s will have the chance to apply for competitive places on our Residential Summer School!

What does Inspire Critical Thinking offer you?

Exciting and cutting-edge articles, videos, podcasts and more

The chance to hone your critical thinking skills

Skills and experiences to highlight on your college and university applications, as well as your CV

The opportunity to attend virtual and residential summer schools
